Welcome to our newest member Shermco Industries! Shermco Industries provides electrical testing, maintenance, and repair services for electric power systems and equipment. The company was founded in 1974 and has since expanded to become one of the largest and most experienced independent providers of its kind in North America. Shermco serves a wide range of industries, including utilities, oil and gas, industrial, commercial, and renewable energy. [LEARN MORE.](#)

*Terry Henry, ECAM President*

Terry began his apprenticeship in 1970 as an electrician and only 8 years into his career founded Wescan Electrical. Since then, Wescan has grown into a dynamic, multifaceted company offering construction services such as mechanical, security, data communications, prefabrication, and CAD & BIM modelling. Terry has demonstrated his vision by implementing leading-edge industry technologies and building a strong team of highly skilled and experienced professionals.

Through his 52 years in the construction industry, Terry has been involved with some of Manitoba's most iconic buildings and infrastructures, such as the MTS Centre (Canada Life Centre), Canadian Museum for Human Rights, Manitoba Hydro Place, and True North Towers. Terry values giving back to the community through charity work, support groups and associations that contribute to excellence. Terry is a highly valued member of the Manitoba's Electrical Industry and in 2022 was elected as ECAM's President of the Board.
